

September 16, 2024

Dear Members of the Marion Carson School Council and Parent Association,

I am writing to express my wholehearted support for the initiative to build an Accessible Creative Playground at Marion Carson School. As the Principal, I truly believe that every child deserves an opportunity to engage in play that is not only enjoyable but also inclusive and accessible to all.

Play is a fundamental aspect of childhood development. It fosters creativity, enhances social skills, and promotes physical health. The development of an Accessible Creative Playground is a proactive step towards ensuring that all students, regardless of their abilities, have equal access to recreational and developmental opportunities.

The proposed playground will not only encourage play among all students, but it will also create a welcoming environment that reflects our school's values of diversity, respect, and community. It will serve as a gathering place where children can engage in imaginative play, problem-solving, and cooperative activities, all of which are essential for their holistic development.

I commend the School Council and Parent Association for your commitment to this initiative and am eager to support your efforts as a collaborative partner.

Thank you for your ongoing dedication to improving the wellbeing and experience of all our students at Marion Carson School.

Sincerely,

Dustin Turner
Principal, Marion Carson School
